**Subject:** PolyMet's 401 Water Quality Meeting Handout for Today's Meeting

Good morning! I am attaching the handout for our 401 Water Quality Meeting this afternoon. We have several attendees that will be in separate offices, so this is the document we will walk through in our meeting/conference call. This document, which was included in the Aug. 2, 2016 request for the restart of the 401 water quality certification, will guide us through the changes that have happened since the 2013 wetland permit application. We have added highlighting and numbers in the margin of this document to guide the discussion today.

Talk to you at 2:30 pm!  
 Christie
